

## How to Download Practice Tracks to Your Computer

- Move your cursor over a practice track name until it highlights, as shown in the example below.

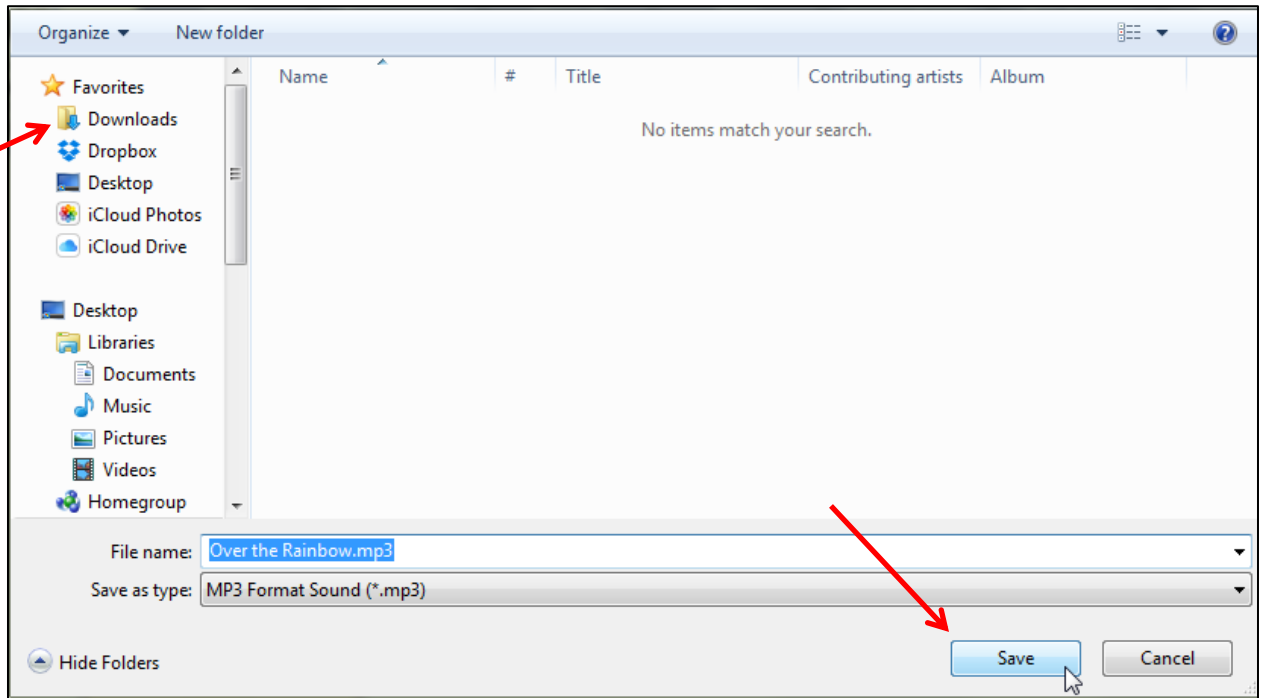

- When the name highlights, use your right mouse button to select the name, as shown below. (For Apple computers, hold down the Command button and click the mouse.)

- Click the "Save" or "Save As" selection in the popup menu. (similar appearance on Apple computers)

- A folder will appear as shown below.
- Move your mouse to the 'Save' button and click.
- This will put your practice tracks in the 'Downloads' folder. (The default folder.)

- Navigate to the 'Downloads' folder and double click a file name to play the track.
- If you choose 'Desktop' instead of 'Downloads', your files will be placed on your main screen, where you can easily play them and organize them.
