

Unique Acceptance

Because we are a non-auditioned, community chorus, we encourage everyone to participate. Some come with musical backgrounds. Some have no background but a need to vocalize where there is no other outlet.

Our communities today are slowly losing the family, camaraderie, and togetherness that is important to our sense of involvement and belonging.

The Chorale provides an organized, artistic outlet that is disappearing from our towns.

And those that feel left out of other activities, due to struggles and challenges, find a place with us and are encouraged to sing.
