

We Mix it Up! Sometimes it's Different!

Not all singing is done with masterful, vocal delivery and precision. Sometimes, the "fun spirit" must shine through.

Our friends from the Denver and District Pipe Band and Dancers have given us a different perspective on cultural entertainment, with delightful enhancement of our performances.

Whether it is resounding instruments or the arching oratorical voice, we all join in and complete the sound picture in the mind's eye of the audience.

And that's what brings us back. The art form, the family, the community, the education.

The spirit of singing.
